Monthly volume (incl-CW)

Volume growth from a broader customer base

Including CW in both years, volumes in July 2020 are now above the same month last year

Customer-centric focus

Retail Pharmacy Team restructured to continue to drive better customer outcomes, with results seen through sustained improvements in our Net Promoter Score.

Chemist Warehouse FMCG contract Transition complete

- FMCG portfolio fully transitioned back to Sigma from June 2020
- Sales run rate from June onwards is in line with expected \$800M annualised sales
- Further sales upside once COVID-19 restrictions are removed
- Strong and collaborative relationship established
- 4-year supply agreement to June 2024
- Commercially acceptable trading and credit terms

Establishing a more efficient operating cost baseTotal Reported Operating Costs \$147.9m

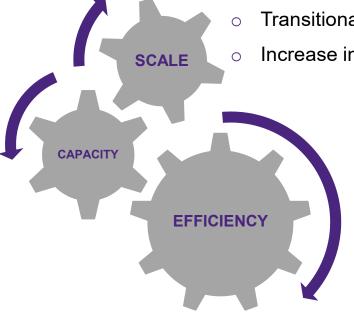

A number of activities undertaken to improve ongoing efficiency:

- Four new DC's now operating with automation providing a significantly more efficient distribution model and scalability
- Improved service model through restructured retail operations
- Delivering ongoing Project Pivot initiatives

1H21 also impacted by a number of one-off elements including

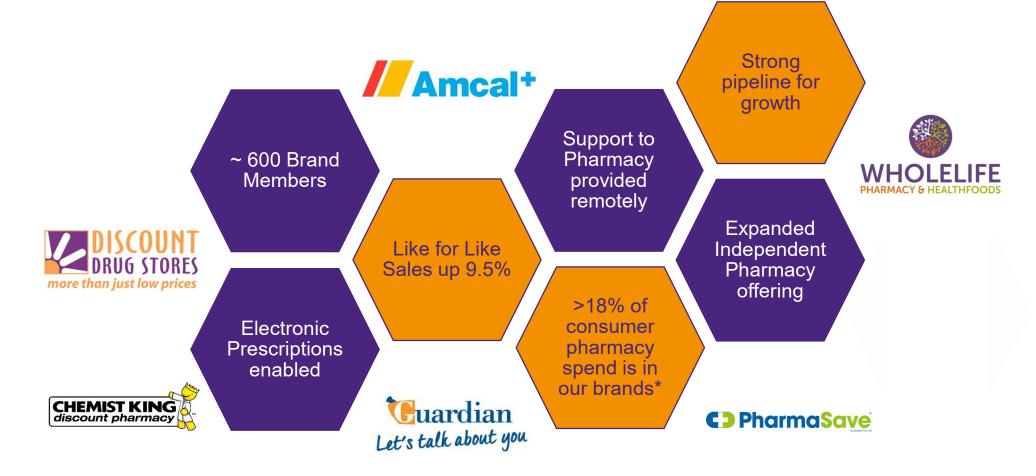

- Reduction in costs relating to CW PBS volume
- Redundancies related to warehouse closures and other Project Pivot actions
- Transitional costs in moving to new DC's
- Increase in Provision for Doubtful Debts

Operational Update

Sigma Retail Momentum continues

Expansion BusinessesDiversified growth

Hospitals

22% Sales growth* - well above market

- Sigma national market share circa 10% and growing, with operational progress in all States and expansion plans being implemented
- COVID-19 impact significant increase in demand in March/April
- Elective surgery and Tender activity largely suspended

Contract Logistics (3PL) New market

- A number of new service contracts agreed and commenced over the past 6-months
- 19,000 pallets of storage, with capacity for growth
- Kemps Creek DC GMP certification and ISO accreditation processes underway

Supported by CHS Infrastructure

Expansion Businesses continuedDiversified growth

Medication Packaging Services (MPS)

- Three TGA approved facilities
- Process under way to upgrade integrated software solutions
- Growth impacted by restricted access to aged care facilities during COVID-19

Medical Industries Australia (MIA)

- Business acquired by Sigma in early 2018
- Strong sales growth across all PPE categories, with a combination of one-off COVID-19 related demand and sustainable and repeatable business
- Operations integrated into Kemps Creek DC during 1H21

Regulatory update Agreements finalised

7th Community Pharmacy Agreement (7CPA)

- New five year agreement that runs until June 2025
- The introduction of a pricing floor, combined with increased CSO funding will help offset the impact of ongoing PBS Price Disclosure reform
- Also provides funding certainty for pharmacy customers

Community Service Obligation Deeds (CSO)

- New four year agreement running to June 2024
- Provides increased funding to help sustain the industry over the term of the agreement
- Recognition of the important role CSO Wholesalers played in supporting the community during drought, bushfires and COVID-19

Bulk supply

24 hour delivery

Individual supply

COVID-19 Impact Assessment

Overall, the net effect of higher sales of medical consumables via CHS and MIA, outweighed the reduced merchandise and marketing income, higher doubtful debts provision and other operational impacts.

Positive

- Self sustained: No requirement for financial support or concessions
- CHS, MIA and Hospitals: PPE sales increased and volume up in general

Neutral

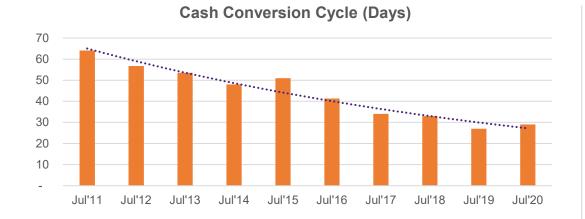

- Wholesale volume: Spike in demand during March that levelled out over the balance of the half.
- Sales impacted by decreased foot traffic in specific locations.

Negative

- Retail Merchandise and Marketing income impacted due to lower promotional activity
- Increased provision for Doubtful Debts to reflect economic uncertainty
- MPS growth impacted by restricted access to Residential Aged Care Facilities
- Costs of doing business: COVID-19 safe cleaning and additional labour costs

Cash Conversion Cycle (CCC)

- Anticipate CCC to stabilise just below 30 days
- Has been a sustained focus on efficient working capital management

Return on Invested Capital (ROIC)

- ROIC at a low point of 6.1% driven by the business transformation and investment cycle
- ROIC remains a core focus of management as we now seek opportunities to leverage the investment already made
- ROIC expected to return to double digits within two years

Investment program nearing completion

October 2019

Pooraka SA

\$20m

- Fundamental business transformation drives operational efficiency, adds capacity and reduces our costs to serve
- The new DC's provided the infrastructure to efficiently absorb the spike in demand due to COVID-19

- \$6.2 million Net Interest in 1H21 (post-AASB16)
- Total FY21 Net Interest anticipated to be around \$10 million (post-AASB16)

Business Transformation and Investment

Project Pivot Delivering on target

- Actions taken to achieve \$86.8m of targeted annualised benefit at 31 July 2020
- On track to deliver \$100m annualised benefits by the end of FY21 as originally announced
- Has delivered a fundamental improvement in ongoing business efficiency and effectiveness

Completing a generational upgrade of our DC Network

- New Distribution Centre (DC) at Truganina in Victoria - \$80m investment
- Well advanced, on track and on budget \$60m spent to date on Truganina
- Minimal impact from COVID-19, with COVID-19 work safe plans in place
- Will commence Hospitals and 3PL services from November 2020
- This follows the completion of new DC's in QLD, WA, SA, and NSW

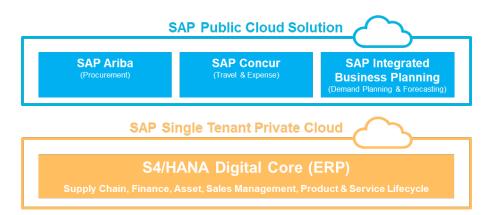

Investment in critical IT Infrastructure

Complements DC investment to drive business efficiencies, customer engagement, and growth

ERP

- Project kicked off in February 2020, and is expected to conclude in FY22
- Project is running to schedule and within budget
- In response to COVID-19, the project has switched to a remote delivery model
- Partnered with experienced System Integrators Accenture and Infosys
- Selected SAP S/4 HANA and SAP Next Generation product suite

Enterprise CRM

- Salesforce solution deployed to the Community Pharmacy business units (80% of customers) in March 2020
- Second stage of the project commenced in July 2020 to extend the Salesforce solution to the rest of the enterprise
- Project is tracking in line with schedule and within budget
- Staggered deployment to the broader business is expected from September – November 2020

Outlook

Outlook

- 1H21 momentum has carried forward into the start of the second half
- Underlying business remains strong and CW volume now fully transitioned
- Project Pivot benefits to reach \$100 million annualised by the end of FY21
- We continue to work with and support our pharmacy brands, customers, suppliers and the government during the COVID-19 pandemic
- Investment program nearing completion with our Balance Sheet strong
- Given COVID-19 influences, no formal guidance is being provided for FY21, but we remain confident we have a good platform for growth
- No Interim Dividend and future dividends will be reviewed depending on conditions including franking credit availability
